Principais competências

Java SE
Core Java
Java Architecture for XML Binding

Elson Lopes

Software Developer - NDD Tech
Lages, Santa Catarina, Brasil

Resumo

I am a software developer with solid experience in C#, Java and relational databases. I specialize in electronic tax documents (NF-e, CT-e, NFS-e, PAF-ECF, SAT), bank integrations via CNAB 240/400 and data analysis for strategic decisions. I work on critical systems in the tax sector, prioritizing performance, quality and legal compliance.

Experiência

NDD Tech Brasil

4 anos 1 mês
